

Murphy Beds

Wall beds - Pull down beds - Fold down beds - Murphy beds

Murphy Beds

Wall beds, pull down beds, fold down beds, Murphy beds: are beds that are hinged at either one end, or along one side, so that they are stored vertically against the wall, often inside a cabinet. The mattresses of the beds are fixed to the bed frames to ensure that they stay in place. The beds may be single, double or even bunk beds.

There are two types of concealed bed (see photos):

- One which has a casing / cabinet of which is attached to the wall.
- One which has no casing / cabinet, so when the bed is pulled down the wall can be seen

TUI Group accept all types of murphy beds as long as the below can be provided

- Murphy beds to be installed in the customer rooms by the Manufacturer of the beds
- Installation records to be provided to show that the murphy beds were installed by the Manufacturer
- Communication to be provided in all customer rooms on how to use the beds
